Professional Experience

ZENQUIP HEALTHCARE PVT. LTD. - Gurugram, India Nov 2025 - Present

Program Manager - Business & Finance Operations, Product Programs & Analytics

Early-stage AI-driven mental-healthcare platform serving clinics, hospitals, and corporates.

- Run end-to-end program delivery from concept to live private beta, coordinating a **15+ person cross-functional team** across design, content, clinical, compliance and legal, and engineering.
- Built the allocation plan for Rs 10 Cr in new funding to founder and investor requirements; manage the AWS infrastructure the platform runs on, and cut monthly burn and infrastructure cost 10% through direct cloud cost management and expense-control workflows.
- Defined and govern KPI reporting on business costs, delivery milestones, and beta adoption for founders and investors, used to cut spend without loss of output or quality.
- Grew the private beta to **30+ doctors, 8+ clinics and hospitals, and 80+ patients** from an initial 5 doctors and 20 patients; ~60% of 40+ product-demo participants retained.
- Run sprint planning, backlog grooming, and daily stand-ups in Jira and Confluence, writing user stories and tracking releases through delivery.
- Embedded DPDPA and GDPR compliance into the product: consent flows, data-handling standards, and audit readiness for clinic and hospital clients.

TD BANK GROUP (TD DIRECT INVESTING) - Toronto, Canada Oct 2021 - Feb 2025

Registered Investment Representative (Investment Operations & Reporting - CIRO/SEC Registered)

Canada's largest self-directed brokerage; role spanned trade settlement, reconciliation, and KYC/AML, with zero compliance audit failures across 3.5 years.

- Designed 6+ automated KPI dashboards (Excel VBA, Power Query, Power BI) consolidating 60+ data sources; adopted by 80+ representatives and leaders up to VP and President level, saving **500-750 team hours a year**.
- Led T+1 settlement readiness ahead of the May 2024 industry rollout: built training material on regulatory and workflow changes and trained **60+ representatives** in batched sessions over 2 weeks.
- Business liaison for a major trading platform migration: converted user feedback into IT and PMO requirements and supported UAT and parallel testing alongside daily operations.
